RE: Notice of Construction for the "Gloria Way Well Water Treatment Project", CIP-WS-02-2016/17

Dear Homeowner/Resident,

The City of East Palo Alto (City) will begin construction for the Gloria Way Well Water Treatment Project (Project) in mid-May 2017 and construction is expected to be completed by the end of December 2017. The Project site is located at the existing City owned parcel at the northeast corner of Gloria Way and Bay Road (see Figure 1 attached). The Project goal is to improve the existing Gloria Way Well with new water treatment and storage facilities to improve reliability of the City's potable water supply.

The Project includes the following general activities:

- Demolition and removal of existing above grade facilities;
- Replacement of existing perimeter security fence; excavation and grading of the site,
- Installation of new water main on Gloria Way adjacent to the project site, and;
- Installation of potable water treatment and storage equipment including equipment required to operate the new facilities.

Construction is anticipated to occur Monday through Friday between 8 am and 6 pm. The City does not anticipate any weekend or night work. During normal construction work hours, residents can expect the following:

- Noise from construction equipment and construction activities;
- Temporary, short term lane closures on Gloria Way and Bay Road with appropriate traffic control;
- Temporary, short term parking restrictions on Gloria Way adjacent to the Project Site;
- Truck traffic for equipment deliveries and offhaul.

Please contact Jeffrey Tarantino of Freyer & Laureta, Inc., the City's project manager, at (650) 619-3226 or email him at tarantino@freyerlaureta.com with any questions. Any other questions or comments, please feel free to contact me at (650) 853-3189. Thank you.

Sincerely,

Kamal Fallaha, P.E.
Public Works Director
City of East Palo Alto, California
